

A HOLIDAY BLESSING

I release a blessing to light upon you and great favor to be shown to you. Because you have been faithful, committed and trustworthy, God's favor towards you will result in physical and emotional rest, spiritual renewal and resources for you and your family this holiday season.

I decree surprises from your Heavenly Father – things he has wanted for you for some time to suddenly break forth. As any father desires to shower his children who have been faithful and obedient, your Heavenly Father has structured blessings for each of you, just for you, so that He may give you your heart's desire.

I speak peaceful Holidays, warm family time and enjoyment of friends and loved ones all around you. You will be surrounded by love and kindness straight from our Father's heart.

May you have plenty. I speak a special, unexpected financial blessing to light upon you as a bird returning to its perch.

All these things I release upon you in the Name of Jesus Christ, our celebrated and beloved Son of God.
